DEAR SIR:—I find Krause's Head-
ache Capsules a ready seller, and can
say from personal experience that
they are a good thing, as the other
night they cured me of a bad attack
of neuralgia in about one hour, when
usually it lasts a day or so.

WANTED—A house of five or six
rooms, with a yard. Enquire at this
office or the City Drug Store. m3w

It is pretty tough when the peo-
ple of Carson have to Foster such
weather as, we are now not en-
joying.

The Ormsby House under the new
management is doing an increasing
business. They make a specialty of
fine night lunches.

John Wolmering, of the Arcade,
says by treating everybody right, he
has no trouble to sell his fine cigars
and liquors, and rent his beds.

J. B. Foster, formerly of Benham,
Trembly & Co., Chicago, is in town.
Martin & Co., of San Francisco got
onto him, and of course had to have
him.

Director Friend says the reason
the signal flags are not displayed is
because no prediction are being sent
from the San Francisco station. The
appropriation has run out and they
cannot afford to telegraph. About
June the service will be continued.

Leopold Jordon, the dramatic au-
thor, is in the city representing
Messrs. C. B. Jefferson, Klaw &
Erlanger managers of the great Span-
ish Danse Carmencita with the
comedy "The Prodigal Father" com-
ing to the Carson Opera House
next Monday night.

A Gigantic Failure.

Chicago, May 2.—A special from
Sioux City, Iowa, says: Assignee E.
Hubbard, of the Union Loan & Trust
Company, has made a statement
which has created a sensation here.
The original statement of the liabili-
ties of the company filed when it failed
stated that they were placed at about
\$75,000, with assets twice that
amount. It proves the assignee's
statement that the liabilities are
immensely greater, amounting to
about \$6,000,000.

Found Dead.

Indianapolis, Ind., May 1.—Moses
Smith and his son, Oliver, who lived
in North Indianapolis, were found
dead in bed yesterday morning by
another son, who called at the house.
The stepmother was also uncon-
scious, but was revived. A post
mortem disclosed the probable cause
of death as asphyxiation, but there is
some suspicion of foul play.

Institute Ball.

Reno music will be in attendance
to the tune of 6 pieces and the young
ladies will all look their best. The
stranger within the gates will re-
ceive a hand of welcome, and the
price of admission \$1.

Tobacco Users Smile Sometimes

when told that tobacco hurts them:
their wives never do, because shat-
tered nerves, weak eyes, chronic
catarrh and lost man-hood, tells the
story. If your husband uses tobacco,
you want him to quit, post yourself
about No-to-bac the wonderful,
harmless, guaranteed tobacco habit
cure, by sending for our little book
titled: "Don't Tobacco Spit and
smoke your life away," mailed free.

Carmencita's Music.

The music of each of the famous
Carmencita's dances is piquant and
exquisitely catchy, as indeed is all
Spanish music. The great danseuse
prefers to play her own castanet ac-
companiment, and in this per-
formance, she is as successful as she
is in her remarkable dances. It is
only a senorita who can handle the
very small but not altogether easily
manipulated castanet, that is, to be
successful in keeping the right tempo
with orchestral embellishment. Sim-
ultaneously with the twirling of the
body, Carmencita never misses the
right clanking of her castanet in its
proper place. The great dancer will
be at the Carson Opera House Mon-
day night.

Fight.

Walker Percell and Armstrong
were out on the run yesterday get-
ting wind—and rain. The betting
is beginning to run a little more
lively and the box sheet is becoming
mottled with reserved seats. Arm-
strong is very anxious to establish
a record for square fighting in this
town and the sports can depend up-
on a hot go. The Percell and Allen
preliminary will in itself be worth
seeing as Allen by his game fight
with Turner has made many friends
for himself. A good many people
in Carson would like to see Allen and
Percell come together in a finish
fight for as welter weights they stand
ace high.

Millen handed in his record yester-
day, accompanied by 50 cents. He
beat Egg in Sauer-lito, beat Carpet
in a contest lasting two days, and
was defeated by Al. Cohol.

Cadet Encampment.

The two companies of University
Cadets, which number nearly eighty
students, will go into encampment
on the parade grounds sometime dur-
ing the present month. The tents
and camping outfit will be furnished
by the State. While the cadets will
perform all the duties and be subject
to all the rules of a regular military
encampment, they will not during
the time, discontinue their regular
University studies, which, however,
will be pursued in the tents instead
of the school building.—Gazette.

Electric Light at the University.

The Board of Regents at their
meeting last Saturday, contracted
with the Electric Light Company for
the substitution of electric for gas
light at the University buildings. Two
are lights are to be placed outside,
one each at the front and rear of the
main building, while incandescents
are to be placed in the interiors.—
Gazette.

Fish.

The State Fish Hatchery is doing
a rushing business. Byron Close
placed 150,000 Rainbow trout eggs
from the Klamath river, Cal., in the
water yesterday. He has also got
his eye on 200,000 hatched Marlett
lake trout, which are now nearly an
inch long.

one of Ordinance No. 83, regulating

vada, where an admission fee is

tertainment of sparring or boxing.

Section 2.—Section one of ordi-
nance No. 83, is hereby repealed.

COAST NEWS.

Two Chinamen were burned to
death in a hut near Galt Saturday
night.

Police Magistrate George W.
Morehouse of Great Falls, Mont.,
committed suicide recently.

The Visalia and Sequoia Mill stage
was stopped Saturday afternoon by
bandits. The stage was on its way
to the mill, and about six miles from
it. The robbers came out of the
brush with leveled guns. The four
passengers were commanded to get
out and empty their pockets. A re-
port says the bandits were Sontag
and Evans, but this story is discred-
ited.

At Murrietta, San Diego county, a
young man named Tower went hunt-
ing with a companion in the rough
Temecula country, and after reach-
ing the hills they became separated.
His companion, meeting indifferent
success, returned home. Tower not
appearing when expected, his friends
became uneasy and decided to search
for him. A careful search in the
brush in a fearfully wild portion of
the hills at last revealed Tower lying
bleeding and unconscious, with his
clothes torn to shreds and horrible
gashes in his face, arms and legs. A
terrific struggle had evidently taken
place, and some distance away the
prone body of a panther told the tale.
Tower recovered and told the story
of a half-hour combat he had with
the wild beast.

A Strange Case.

New York, May 1.—The case of
Miss Mary McCann, in the Memori-
al Hospital, in Orange, N. J., is at-
tracting widespread attention among
medical men. The girl was on a
South Orange electric car near the
orphan asylum at Vailsburg on April
13th, when she became frightened
by the speed of the car and jumped
off.

She was severely cut and bruised
by the fall, and was taken to the
hospital unconscious, in which con-
dition she has remained ever since,
eighteen days. She seems strong and
takes nourishment naturally, but all
attempts to restore her to conscious-
ness have failed. Dr. Thomas H.
Harvey thinks a blood vessel burst
in her brain and a clot of blood
formed. He thinks this will be
gradually absorbed and that the girl
will regain consciousness.

Fatal Shooting.

San Bernardino, Cal., May 2.—
Jesus Lucero was fatally shot by
Guseppi Gulyardie at 3 o'clock this
morning a few miles from Mentone.
The men were employed on the elec-
tric light plant, along with some fifty
other Mexicans, and had been
drinking and gambling during the
night. Gulyardie asked Lucero for
a loan of a half a dollar, and, when
the latter refused, whipped out a re-
volver and fired four shots, two tak-
ing effect, one above the heart and
the other in the abdomen. The
wounded man will die. Gulyardie
escaped.

The Great Fair.

Chicago, May 2.—Work on the
unfinished portion of the World's
Fair buildings was resumed this
morning and thousands of men were
soon busy putting on the finishing
touches to the great show, while
other thousands were at work put-
ting the exhibits in place. Teams
loaded with wonders from the four
quarters of the earth passed here
and there among the buildings, and
locomotives with loaded trains went
through the grounds. The mere
sight of the buildings does not afford
fair gauge of the size, because all are
so large that nothing of ordinary
dimensions is in sight to furnish a
standard measurement.

The Big Sale.

M. Cohn's big dry goods sale is
still attracting crowds of purchasers
who realize what a fine opportunity
they have of getting first-class goods
for next to nothing. It is the biggest
slaughter ever witnessed by the ladies
of Carson.
